SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

1. On 14 May, Soviet personnel were seen to be erecting two masts in the church- 25X1
yard adjacent to the airfield. The masts are constructed of metal and are
approximately 4 m high and 10 cm in diameter. On the top what appeared to be
a reflector with a diameter of approximately 30 cm was being fixed into place,
the open side pointing in a southeasterly direction at an angle of approximately
45 degrees from the horizontal. No cables were observed leading from the masts.
2. Thirteen 2-axled tank trucks have been observed arriving daily since 2 May
at the airfield coming from the direction of Neustadt/Dosse. The trucks,
judging by the state of the springs, were loaded. At the same time both fuel
trucks and barrels of fuel on trucks were seen to leave the airfield, going
in the direction of Alt-Friesack and Wulkow. 25X1
